

## **Team MuckDog & JetHawk Newsletter**

FRIDAY, MAY 3RD, 2019

**Math-** This week we took our MCA Math Test. Give your child a pat on the back for working so hard this week. We will let them know results as we receive them. Starting next week we will begin our fun, end of year math projects!

**Reading-**This week we continued with stations and reviewed verbs, nouns, and adjectives. We also worked on making inferences and verb tenses. We wrote in our journals and finished with MCA testing in math. We had a bit more AR time this week which has helped those who are a bit behind. There are still some who are behind pace so any encouragement at home is appreciated!

**Tech/Social-** Students have started to build their businesses in our Minecraft world. Much discussion was given to parking, location, and the variety of services both retail and support that a well functioning town needs. We have schools, clinics, gas stations, banks, restaurants, churches, and of course, since we are from Hawley, we also have a horse stable, archery ranges, and WMSTR!!

*Note-* Just a reminder that Mrs. Zacher's sub for the remainder of the year (when baby arrives) will be Mrs. Sufficool. Please make sure to email/call Mrs. Tracy Baxter or Mrs. Carrie Vetter if you have any reminders or messages for your students. You may also call the classroom at 218-483-3316 ext 3220.

- As we complete some end of year projects we are looking for Cardboard Paper Towel Rolls & Toilet Paper Rolls. Please bring them in as you collect them!

**School of Excellence Week-** Monday (Red, White, & Blue Day)      Tuesday- Superhero Day  
Wednesday- School of Excellence T-shirt      Thursday- PJ Day      Friday- Nugget Pride
